          Am
I've been holding out for way too long
         Dm
Been hoping you say you're mine

I've been so in doubt you'll play along
     C                  G
Down low and always behind
          Am
So, go slow, don't rush, don't care too much
         Dm
Don't make me hold onto you
             G
Girl, beware you touch me just enough

And maybe I'll play your fool
