

Matchbox Twenty - Hang

Tom: G

I'm improving on the basic transcription that SB did. It was basically there, but some of the chords were wrong and I'm showing a few enhancements. These are subtle changes in the basic chords and a change in strum. The chord differences are noted below and only the tone of what's being played. The strum in the intro and first verse is using your fingers (i.e. no pick, either your thumb or first finger). At the second verse he switches to a flat pick.

Chords:

	G	G	C	C	Em	Em	D
E	--3--	--3--	--3--		----	--3--	----
B	--3--		--3--	--1--	--3--		--3--
G	----	----	----	----	----	----	--2--
D	----	----	--2--	--2--	--2--	--2--	----
A	--2--	--2--	--3--	--3--	--2--	--2--	----
E	--3--	--3--	----	--3--	----	----	----

(With finger strum)
