

# Mateus Alves - Minha Estrela

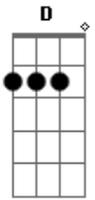

Tom: D

Havia um céu escuro e triste,  
 Mas uma estrela o clareou,  
 Com seu brilho intenso iluminou  
 Mais que depressa tomei  
 Essa estrela para mim  
 E me entreguei, me envolvi

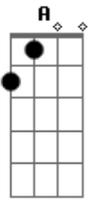

Com esse amor

Minha estrela  
 Vem a noite pra brilhar  
 Clareando o desejo de amar  
 Palavras ficam mudas quando fala o coração  
 Se hoje sou feliz,  
 Você é a razão  
 ( E A ) (2x)
