

Matheus Who - Serious Thing

tom: Eb

Sorry, I can't go to your apartment

Right now (right now)

You really hurted me last night

(and I'm on my way!)

'cause when you like it like that

When you like it like that, oh oh oh

Maybe I could try to hide my feelings

For you (for you)

I know this wasn't what you've planned

(and I'm on my way!)

'cause when you like it like that

When you like it like that, oh oh oh

We could be chasing the sun

Writing songs about someone

I'll pretend that I'm not drunk

You'll pretend I'm the only one

We could be a serious thing, so sincere

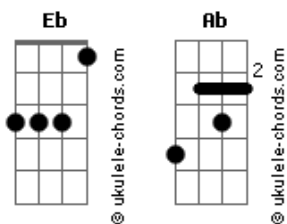

But you're playing

(saying that you like it like that)

(Eb Ab)

Promise me

Acordes

That you're gonna stay the same

With me when you wake up

'cause when you like it like that

When you like it like that, oh oh oh

Well... I don't wanna be another one in your life

I don't wanna be one of those boys in the night

'cause when you like it like that

When you like it like that, oh oh oh

We could be chasing the sun

Writing songs about someone

I'll pretend that I'm not drunk

You'll pretend I'm the only one

We could be a serious thing, so sincere

But you're playing

We could be a serious thing, so sincere

But you're playing

We could be a serious thing, so sincere

But you're playing

We could be a serious thing, so sincere

But you're playing

We could be a serious thing

We could be a serious thing

We could be a serious thing

We could be a serious thing
