

Mauro Silva - Agosto Caborteiro

tom:
D_{bm}
Que noite braba de agosto
Que até a Lua tá emponchada
Sem grilos, sem vagalumes
E o Corujão, num tapume
Não se anima pra caçada
D_{bm}
É noite escura, silenciosa
Que só o vento esboça o som
D_{bm}
E sacudindo a Figueira
Entre galpão e mangueira
Vai assombrando no tom
D_{bm} D_{b7} G_{bm}
O campo se para manso
D_{bm}
Nas coxilhas tudo quieto
B_b
Já que o poncho das canhadas
A (A_{b7})
Vem com macega empastada
A_{b7} D_{bm}
E sempre um capão por perto
É lá que o rebanho posa
Nestas noites arrepiadas
Por castigo, judiaria
É aí que a ovelha da cria
E amanhece encarangada

A
Vai findando a calmaria
