tom:

C

Before love came and grabbed me

Never thought I'd see the sun again

C Dm

Without no hesitation

C

You became my resurrection

F

All the light that came shining in

C

Now I've got beauty for ashes

Dm

And I've got joy for mourning

Am

And I've got praise for heaviness

F

Love is a miracle

C

And I've got beauty for ashes

Dm

And I've got joy for mourning

Am

And I've got praise for heaviness

F

Love is a miracle

C Dm

This is more than religion

C

Glad I've made my decision

F

Hope reversed the curse I was walking in, yeah

C Dm

Now I'm dancing out my grave clothes

C

Where You lead me I will follow

F

You gave a light that the darkness can't comprehend

C

Now I've got beauty for ashes

Dm

Joy for mourning

Am

And I've got praise for heaviness

Love is a miracle
