

# Maverick City Music - Thank You

tom:  
Capostrate na 5ª casa

## [Primeira Parte]

I can sing a billion songs  
Dance till my feet are numb  
Spin till I'm empty and poor  
Can't praise You enough

## [Segunda Parte]

I can shout till my voice gives way  
Leap till I have no strength  
Lose my breath trying to explain  
I can't praise You enough

## [Pré-Refrão]

And if time were to stall  
I can never tell it all  
Words are few, this will have to do

## [Refrão]

I just wanna thank You  
I just wanna thank You  
I just wanna thank You  
Oh I'm grateful  
I just wanna thank You  
I just wanna thank You  
I just wanna thank You  
Oh I'm grateful

## [Terceira Parte]

You sang till I found my song  
You danced till my heart woke up  
Now I move to the rhythm of love  
I can't praise You enough

## [Quarta Parte]

You wept till I found my strength  
You lost your breath dying to save me  
I'll never go back to that grave  
I can't praise You enough

## [Pré-Refrão]

And if time were to stall  
I can never tell it all  
Words are few, this will have to do

## [Refrão]

I just wanna thank You  
I just wanna thank You  
I just wanna thank You  
Oh I'm grateful  
I just wanna thank You  
I just wanna thank You  
I just wanna thank You  
Oh I'm grateful

I'm standing in the promise  
Surrounded by Your goodness  
You have overwhelmed us

I'm standing in the promise  
Surrounded by Your goodness  
You're just getting started
