

# McFly - I've Got You

Tom: A

(intro 4x) E B Abm A

A E  
The world would be a lonely place  
A B Dbm  
Without the one that puts a smile on your face  
A B Dbm  
So hold me 'til the sun burns out  
A B  
I won't be lonely when I'm down

( E B Abm A )  
'Cause I've got you to make me feel stronger  
When the days are rough and an hour feels much longer

A E  
I never doubted you at all  
A B Dbm  
If stars collide, will you stand by and watch them fall?  
A B Dbm  
So hold me 'til the sky is clear  
A B  
And whisper words of love right into my ear

( E B Abm A )

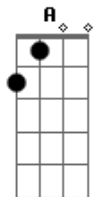

'Cause I've got you to make me feel stronger  
When the days are rough and an hour feels much longer  
Yeah when I got you  
Oh to make me feel better  
When the nights are long they'll be easier together

Bm E  
Looking in your eyes  
Bm G  
Hoping they won't cry  
Em A  
And even if you do  
Gbm G A D  
I'll be in bed so close to you

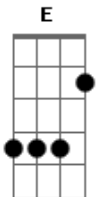

Hold you through the night  
Em A  
And you'll be unaware  
Gbm G A B  
But if you need me I'll be there

( E B Abm A )  
'Cause I've got you to make me feel stronger  
When the days are rough and an hour feels much longer  
Yeah when I got you  
Oh to make me feel better  
When the nights are long they'll be easier together  
Oh when I got you
