

## Mega Mango - That Thing U do

```
tom:
I love that thing you do when you look at \ensuremath{\mathsf{me}}
And I just know that I gotta get away with you
Wanna find a place where it's just you and {\tt I}
I love that thing you do when you move just right
And I wanna bring you back to my car and dance with you
And it feels like I'm about to have a heart attack
I don't know why
I think of you
It just doesn't seem quite right
To admit it might be you
(C)
I love that thing you do when you walk on by
And everyone says my oh my, that chick seems pretty cool
All the things I do to make sure I was by your side
I love that thing you do when you look at \ensuremath{\mathsf{me}}
                      G
And I just know that I gotta get away with you
```
