tom:  
A (forma dos acordes no tom de G )  
Capostrate na 2ª casa  
Intro: C Bm G  
C Bm G

You called the other day, I stayed away  
I left your shit on read four times today  
And it felt like bliss, used to miss your kiss  
Now I'm hop-skip jumpin' over narcissists  
Throwing all your stuff into the abyss  
Now the role is reversed, told you I'm a switch  
How you like my spit?  
That's for all the pits that you left me in  
See, the horns on my head, they're from goddesses  
Goddesses, on God  
No, I never knew what it meant  
What it meant to be content with you  
Everything I expressed, I professed  
It n?ver quite made it through  
Said it's all in my h?ad, all in my head  
Whenever I spoke my truth  
No, I won't defend you to all my friends  
This time, I refuse  
If you bite my hand again  
I will never feed you, you can call me evil  
Take it to the grave if you wanna play pretend  
I won't be mistreated, please call me conceited  
Took me way too long to put this to bed  
Lovin' you was lethal, guess that makes me evil, evil  
Evil, evil, evil

Remember when you smiled right to my face  
As all my little tears of oxalate

## Acordes

They made a shape, revealed a snake  
Now I'm stop-drop rollin' over all your jokes  
Every time you tell a lie I'm prayin' that you choke  
Should've listened to the signs and the horoscopes  
Hope you never cope, hope you slip on soap  
Crack your head like an egg, wanna see the yolk  
You were such a hoax  
No, I never knew what it meant  
What it meant to be content with you  
Everything I expressed, I professed  
It n?ver quite made it through  
Said it's all in my h?ad, all in my head  
Whenever I spoke my truth  
No, I won't defend you to all my friends  
This time, I refuse  
If you bite my hand again  
I will never feed you, you can call me evil  
Take it to the grave if you wanna play pretend  
I won't be mistreated, please call me conceited  
Took me way too long to put this to bed  
Lovin' you was lethal, guess that makes me evil, evil  
If you bite my hand again
