

# Melanie Martinez - Mrs Potato Head

Tom: **E**

**Dbm**  
If you weren't born with it

**B**  
You can buy a couple ornaments

**A**  
Just be sure to read the warning, kids

**E**  
Cause pretty soon you'll be bored of it

**Dbm** **B**  
Sexual, hey girl if you wanna feel sexual

**A**  
You can always call up a professional

**E**  
They stick pins in you like a vegetable

**Dbm**  
Kids forever, kids forever

**B**  
Baby soft skin turns into leather

**A**  
Don't be dramatic it's only some plastic  
(stop)

No one will love you if you're unattractive

**Dbm**  
Oh Mrs. Potato Head tell me,

**B**  
is it true that pain is beauty?

**A**  
Does a new face come with a warranty?

**E**  
Will a pretty face make it better?

**Dbm**  
Oh Mr. Potato Head tell me

**B**  
How did you afford her surgery?

**A**  
Do you swear you'll stay forever

**E**  
Even if her face don't stay together

**Dbm** **B**  
Even if her face don't stay together

**A** **E**

**Dbm**  
If you want a little more confidence

**B**  
Potatoes turn to french fries, yeah it's common sense

**A**  
All you need's a couple more condiments

**E**  
And a hundred thousand dollars for some compliments

**Dbm**  
It's such a waste

**B**  
When little girls grow into their mothers face

**A**  
But little girls are learning how to cut and paste

**E**  
And pucker up their lips until they suffocate

**Dbm**  
Kids forever, kids forever

**B**  
Baby soft skin turns into leather

**A**  
Don't be dramatic it's only some plastic
