

# Men At Work - Down By The Sea

tom:

B

Bm7

Bm7

Down by the sea  
I found your hidden treasure  
Just you and me  
We overdosed on pleasure  
Your knees in the wind  
We're ruggin' up for winter  
Putting out the bins  
In cold and windy weather  
Down by the docks  
Live all the silent sea-ships  
Crates are stored on blocks  
Where now only the rats live

G7M

Sail me down the river

Gbm7

Till we reach the shore

Em7

Diving into the center

Dbm7

Eating out the core

Bm7

Bm7

Down on the beach  
Saluting Captain Benbow  
Always out of reach  
It's quiet when the tide's low  
Climbing up the cliffs

## Acordes

You can see for miles far  
The boat that ran adrift  
Is sitting on the sandbar

G7M

Laughing at the waves

Gbm7

That storm the river mouth

Em7

The ice is on the move now

Dbm7

Creeping north and south

Bm7

Bm7

Down by the sea  
I found your hidden treasure  
Just you and me  
We over-dosed on pleasure

G7M

Listen to your heart

Gbm7

Screamin' at the sky

Em7

Can't you feel it tremble?

Dbm7

Don't you wonder why?
