

# Men At Work - No Sign Of Yesterday

Tom: **F**

**Gm**  
Pull out the stop plugs, drain all the waste

Who needs it anyway

**F**  
Fill all the big holes, leave no trace

**Gm**  
No sign of yesterday

**Gm**  
I wash all the dishes and I clean up my place

No sign of yesterday

**F**  
I stare at the photographs of your dark face

**Gm**  
No sign of yesterday

**Gm**  
Out in the yard, was such a lovely place

It's where we used to play

**F**  
Inside, outside you can feel and taste.

**Gm**  
No sign of yesterday

**Bb**  
And I can't hear you calling

**Am**  
I can't hear you calling

**C** **Dm**  
I can't hear you anymore

**Bb**  
Metal ships are falling

**Am**  
This old car keeps stalling

**C** **Dm**  
Always seems to be the way

Pick up the pieces, and go dig out the dead  
Then you can go to bed  
Night is the stealer and time is the test  
No sign of yesterday

Pull out the stop plugs, drain all the waste  
Who needs it anyway  
Fill all the big holes, leave no trace  
No sign of yesterday

And I can't hear you calling  
I can't hear you calling  
I can't hear you anymore  
Metal ships are falling  
This old car keeps stalling  
Always seems to be the way
