

# Men I Trust - Sugar

tom:

Intro: Dm Em A  
Dm Em F  
Dm Em Am  
Dm Em F

[Primeira Parte]

I ran out of made-up consolations  
I've been waiting forever  
How can you call me with such conviction?  
"Sugar cane, sugar"

[Segunda Parte]

You get yourself out of situations  
Won't you leave me, won't you?  
?Cause I don't have the time for indignations  
"Sugar cane, sugar"

[Refrão]

It goes on and on and on  
And it goes on and on and on again  
It goes on and on and on  
And it goes on and on and on again

[Terceira Parte]

Can you find just one thing you cherish?  
Would you hold me just like you mean it?

Am I the one with much imagination?  
Give me one reason

[Ponte]

As it gets older  
You keep pulling and pushing away  
But you never promised me  
To be wiser or better

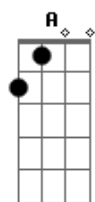

[Refrão]

It goes on and on and on  
And it goes on and on and on again  
It goes on and on and on  
And it goes on and on and on again  
It goes on and on and on  
And it goes on and on and on again  
It goes on and on and on  
And it goes on and on and on again

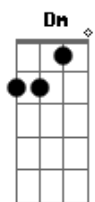

[Final]

Sugar  
My sugar cane  
Sugar
