

# Mestre Jonaz - Waiting?

tom:

A

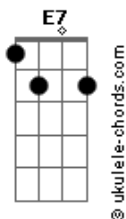

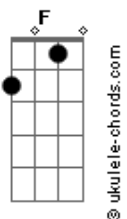

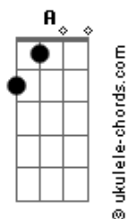

You've got something to hear again, just wait to dance  
 You've got something new to see, amen, just wait, just wait  
 You've got something to be, oh damn, you wait!

And let it grow, let it go, and let it end

You've got something to hear again, just wait to dance  
 You've got something new to see, amen, just wait, just wait  
 You've got something to be, oh damn, you wait!

## Acordes

And let it grow, let it go, and let it end  
 And let it glow, let it show, but let it blow  
 And let it end  
 And let it home, and let it come, but let some  
 Let it end  
 And let it wow, and let, uh, and let it, ah  
 Let it end  
 And let it focus!
