(Am G F G)

[Primeira Parte]

When I'm hungry, I am searching
For the girl who love me true
You're the only who can feed me
Let me bite a piece of you

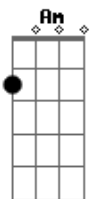

[Pré-Refrão]

But you're hiding somewhere in the shadows
I can't see my hands
Only my smell power solve that issue
And help me get your pants

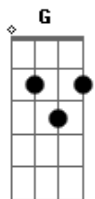

[Refrão]

You can try to hide from me
But you smell like cherry (Smell like cherry)
I will find you anywhere
And I will make you marry
Make you marry me
