

Metallica - Dazed And Confused

Tom: **D**

(bass)

(intro)

(intro variation)

(second bass riff)

(bass notes - The intro riff is played through most of the piece,

along with the variation, it doesn't matter which. The second riff is played more than the twice

showed here but it still ends on the 'A')

(guitar)

Harm~~~~~Harm~~~~~

1/2 V V V

full/dive V

(the harmonix at the 24th fret can be substituted for harmonix at the 5th fret)

(not sure about this part)

1/2 V 1/2 V 1/2 V 1/2 V

(guitar notes - a Floyd Rose trem (or at least a Kaehler) is a must!!

Kirk plays this using a wah-wah. Almost every

note has tremlo. Listen to LSBP for timing)
