Metallica - The Unforgiven II

```
Tom: C
Intro: 4x:  Am  C  G  Em

Am      C         G
Lay beside me,
Em                   Am
Tell me what they've done,
              C            G
And speak the words I wanna hear
   Em             Am
To make my demons run.
          C            G
The door is locked now,
        Em            Am
But it's opened if you're true.
          C            G
If you can understand the me,
       Em            ( Am  C  G  Em ) (2x)
Then I can understand the you.

Am    C        G
Lay beside me,
Em             Am
Under wicked skies.
                C            G
Through back of day, dark of night,
     Em           Am
We share this paralyse.
            C   G
The door cracks open,
          Em              Am
But there's no sun shining through.
                 C            G
Black heart scarring darker still,
        Em            Dm
Still no sun shining through,
   F             G
No no sun shining through,
   F           Am
No no sun shining.

Refrão:
Am               G
What I've felt, what I've known,
C            E7
Turn the pages turn the stone
   Am                 G          C   E7
Behind the door should I open it for you?
Am           G
What I've felt, what I've known
C            E7
Sick and tired I stand alone,
      Am              G              C
Could you be there? Cause I'm the one who waits for you.
         E7          ( Am  C  G  Em ) (2x)
Or are you unforgiven, too?

Am       C       G
Come lay beside me,
Em                Am
This won't hurt I swear.
            C            G
She loves me not she loves me still,
          Em            Am
But she'll never love again.
            C
She lay beside me,
G         Em         Am
But she'll be there when I'm gone.

Yeah she'll be there when I'm gone.
                  F          G
Yes she'll be there when I'm gone,
