

Metronomy - I'm Aquarius

Tom: **E**

C
Just from fighting
Just one anniversary

A
So I never thought you'd be the one to up and leave

E
You said our love was
Written in the stars
But I never paid attention to my charts

C
But now I see how quick you must want to forget

A
Cause you left the ring I bought you with your cigarettes

E
Well I can finish up if you don't want them
And I can take the ring back where I got it from

C
I can love it, or
I can leave it

A
You said honey, I
Best believe it

E
Cause your a novice, and
I'm a taurus, and
I'm not gonna say
I'm not gonna do

C
I can love it, or
I can leave it

A
You say honey I
Best believe it

E
Cause you're a taurus, and
I'm aquarius, and
I'm not gonna say
I'm not gonna do

C
Never thought about it sentimentally

A
Never saw just how much you thought I meant to me

E

Never learned about it at university
Never thought about it cause your the first, you see

C
And I'm aware of the procedure

A
But normally it's me that leaves her

E
I guess I'm finished up. It's time to move on
I'm taking the ring back to where I got it from

C
I can love it, or
I can leave it

A
You said honey I, best believe it

E
Cause your a novice, and
I'm a taurus, and
I'm not gonna say
I'm not gonna do

C
I can love it, or I can leave it

A
You said honey, I
Best believe it

E
Cause your a novice and
I'm a taurus, and...

E
...We've had problems. We're
Notorious for them

C
It's what your friends said. Now
You're inside there. Now

A
I've seen our stars, and
There's nothing aligning. That's
Cause I'm Aquarius
Yeah I'm Aquarius

E
I'm Aquarius (x16)
