

MGMT - Hot Love Drama

Tom: **F**

F
All of these voices
Bb
on my TV
F **C**
they got nothing to say
F
We are all are people,
Bb
some of us free,
F **C**
some of us got it made.

What's the connection
some of us seek?
Some of us fall in love.
But when I need it
you bring me things,
always knew that you were

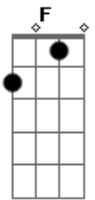

F **Bb**
hot love drama, it rips you apart
F **Bb**
cool down love, too hot from the start
F **Bb**
hot love drama, it rips you apart
F **Bb**
cool down love, too hot from the start
F **C** **B**
too hot from the start.

When I was younger
life was all magic,
everything fell in place.
But I still worry,
worry for hours,
imagining the life we're in
when I'm asleep.
But you came and you saw
and you spoke and I conquered most fears
but not all
and you stop but i falter
i love her i don't
and you think that I'm foolish
Stop the kids stop the love
That leads to

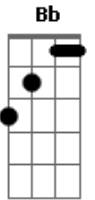

Hot love drama, it rips you apart
cool down love, too hot from the start
hot love drama, it rips you apart
cool down love, too hot from the start
too hot from the start.
too hot from the start.
too hot from the start.

hot love drama,it rips you apart
cool down love,to hot from the start
hot love drama,it rips you apart
cool down love,to hot from the start
too hot from the start.
too hot from the start.
ohhh
