But girl you just won't approve of the things that I do When all I do is for you but still you say it ain't cool If there's somebody else, he can't love you like me And he says he'll treat you well, he can't treat you like me And he's buying diamonds and pearls, he can't do it like me And he's talking you all across the world, he can't trick you like me
