

Michael Jackson - Privacy

Tom: A
Intro: Am D Dm Am Am D Dm

A
Ain't the pictures enough
Why do you go through so much
To get the story you need
So you can bury me
You've got the people confused
You tell the stories you choose
You try to get me to lose
The man I really am

D
You keep on stalking me
D Dm
Invading my privacy

A
Won't you just let me be
D
Cause you cameras can't control
The minds of those who know

E
That you'll even sell your soul
Just to get a story sold

Refrão:

A
Some of you still wonder
Why one of my friends had to die
To get a message across
That yet you haven't heard
My friend was chased and confused
Like many others I knew

But on that cold winter night
My pride was snatched away

D
Now she get no second chance
D Dm
She just ridiculed and harassed
A
Please tell me why

D
No there's a lesson to learn
Respect's not given, it's earned

Stop maliciously attacking my integrity
