

## Michael Jackson - Rock with you

```
Just take it slow
                                                            Cb7M
              tom:
                                                        Cause we've got so far
                                                                                      to go
              Dh
Intro: Ebm Ab Bb
      Ebm Ab Cb
                                                        [Pré-Refrão]
      Ebm Ab Bb
                                                        Ebm7 Fm7 Gb7M
You gotta feel that heat
      Gb Ab Gb Ab
        Gb
                                                        And we can ride the boogie
Girl,close your eyes
                                                        Ebm7 Fm7 Gb7M
                                                        Share that beat of love
 Ab
Let that rhythm get into you
        Gb
                                                        [Refrão]
Don't try to fight it
                                                              Ebm Ab
        Ab
There ain't nothing that you can do
                                                        I wanna rock with you (all.....night)
                                                        Ebm Ab Cb
                 Db7M
   Relax your mind
                                                        Dance you into day (sun.....light)
                                                        Ebm Ab Bb
I wanna rock with you (all.....night)
   Lay back and groove with mine
                                                               Gb Ab Gb Ab
[Pré-Refrão]
                                                        I'm gonna Rock the night away
             Fm7 Gb7M
that heat
        Ebm7
                                                        [Ponte]
You gotta feel
And we can ride the boogie
     Fm7 Gb7M A
that beat of love
Ebm7
                                                        And when the groove is dead and gone (yeah)
                                                                   Gb7M Db7M
Share
                                                        You know that love survives
[Refrão]
                                                                Cb7M
                                                                      Abadd9
                                                        So we can rock forever
             Ab
                                                        [Solo] Ebm Ab Bb
Ebm Ab Cb
      Fbm
I wanna rock with you (all....night)
Ebm Ab Cb
                                                              Ebm Ab Bb Cb
Dance you into day (sun.....light)
Ebm Ab Bb
I wanna rock with you (all.....night)
                                                        (I wanna rock with you, I wanna groove with you)
       Gb Ab Gb Ab
                                                        [Refrão Final]
I'm gonna Rock the night away
                                                        I wanna rock
                                                                         with you (all night)
                                                                      Α
Out on the floor
                                                                         C
                                                        Dance you into day (sunlight)
         Ab
There ain't nobody there but us
                                                         Em
                                                        I wanna rock with you (all night)
     Gb
Girl when you dance
                                                        G A G A
                                                        Rock the night away
       Ab
There's a magic that must be love
```
