(intro) Bb Eb F Eb

This is it, here I stand

I'm the light of the world, I feel grand

And this love, I can feel

And I know, yes for sure, it is real

And it feels as though I've seen your face a thousand times

And you said you really know me, yourself

And I know that you have got addicted with your eyes

But you say you're gonna leave it for yourself, oh

I never heard a single word about you

Falling in love wasn't my plan

I never thought that I would be your lover

Come on please just understand

This is it, like I said

I'm a light of your world run away

We can feel, this is real

Every time I'm in love, there I feel

And I feel as though I've known you since a thousand years

And you tell me that you've seen my face before

And you said to me that you don't want me hanging around

Many times wanna do it here before, oh yeah

I never heard a single word about you

Falling in love wasn't my plan

I never known that I would be your lover

Come on please understand

This is it, I can feel

I'm the light of the world, this is real

Feel my song, we can say

And I tell you, feel that way

And it feels as though I've known you for a thousand years

And you said you saw my face yourself

And you said want to go with you all the while

And I know that it's really for myself, oh yeah

I never heard a single word about you

Falling in love wasn't my plan

I never thought that I would be your lover

Come on please dear understand, oh yeah

I never heard a single word about you

Falling in love wasn't my plan

I never thought that I would be your lover

Come on dear please understand, oh yeah

I never heard a single word about you

Falling in love wasn't my plan
