## Michael Kiwanuka - Cold Little Heart

```
Tom: Bb
                                                               One day at a time
                                                               Gm
                                                                  Bleeding, I'm bleeding
   Gm
  Did you ever want it?
                                                               Dm
                                                                  My cold little heart
Dm
   Did you want it bad?
                                                                  Cm
                                                               Oh I, I can't stand myself
     Cm
Ohhh, my
           F
                                                                     Fh
                                                               And I know
It tears me apart
Gm
                                                                                               Gm
  Did you ever fight it?
                                                               In my heart, in this cold heart
                           Cm
Dm
                                                                                      Fb
 All of the pain, so much power
                                                               I can live or I can die
                                                               I believe if I just try
Running through my veins
                                                                                       Eb
Gm
Bleeding, I'm bleeding
                                                               You believe in you and I
Dm
                                                                                               Gm
 My cold little heart
                                                               In my heart, in this cold heart
  Cm
                                                                                      Fb
Oh I, I can't stand myself
                                                               I can live or I can die
                                                                                       Cm
                                                               I believe if I just try
     Fb
And I know
                                                                                       Gm
                                                               You believe in you and I
                               Gm
In my heart, in this cold heart
                                                                           Dm
                                                               In you and I
                       Fb
I can live or I can die
                                                                            Cm
                                                               In you and I
I believe if I just try
                       Gm
                                                               In you and I
You believe in you and I
                                                                           Gm
                                                               In you and I
           Dm
In you and I
                                                                           Dm
                                                               In you and I
           Cm
In you and I
                                                                           Cm
                                                               In you and I
In you and I
                                                                           F
                                                               In you and I
Gm
  Did you ever notice
                                                               Bbm
                                                                                        Ab
                                                               Maybe this time I can be strong
Dm
   I've been ashamed
                                                                              Eb
                                                               But since I know who I am
         Cm
All my life
                                                                           Gb
                  F
                                                               I'm probably wrong
I've been playing games
                                                                                        Ab
                                                               Bbm
                                                               Maybe this time I can go far
Gm
 We can try and hide it
                                                                                  Eb
                                                               But thinking about where I've been
Dm
  It's all the same
                                                                               Gb
                                                               Ain't helping me start
            Cm
I've been losing you
                                                               (Bbm Ab Eb Gb)
                                                               (Bbm Ab Eb Gb)
