Made a honky-tonk outta this living room

Yeah, swimming through her goodbye

C  
Misery loves company

[Refrão]

D Am  
Yeah, whiskey and rain coming down, coming down

G  
Splash of bourbon in a glass

Am  
Yeah, pouring something on the pain, let it drown, let it drown

G  
Try to wash away the past, oh-oh-oh

Em D  
Since my blue sky sunshine whole life hopped

C  
On that midnight train

D Am  
Till the bottle runs out or the clouds roll away

G  
It's just whiskey and rain

[Segunda Parte]

It's been nothing but a hangover tryna get over you

But Lord willing and the creek don't rise

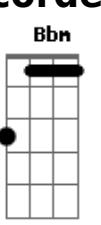

Am  
I'm gonna wake up in the morning feeling brand new

Without a single cloud in the sky, oh-oh

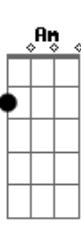

C D  
But tonight it ain't the weather breaking
