

# Michal Leah - Delusion

tom:  
C

I've been <sup>G</sup>tired of <sup>C</sup>sleeping  
F

Every single weekend  
G

'Cause you never pick up when I call <sup>C</sup>  
F

I've been stuck here <sup>C</sup>dreaming  
F

Losing sense of feeling  
G

Never wanna bother you at all  
C

<sup>F</sup> You say you're busy doing something <sup>G</sup>  
C

But I know  
F

My missed calls sitting doing nothing <sup>G</sup>  
C

On your phone  
G

You'll tell me that you mean it <sup>D</sup>  
F

Like you've never seen it  
G

Somehow I still feel like it's my fault <sup>C</sup>  
F

<sup>G</sup> I know better than to call you mine <sup>C</sup>  
F

I guess I'll just get out of line <sup>C</sup>  
F

Too many others wasting their time <sup>C</sup>  
F

When will I know?  
G

You're too wrong to be right  
C

<sup>G</sup> You can say you're sorry <sup>C</sup>  
F

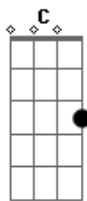

Fuck your pity party  
G

But you know I'll still wonder when you're home <sup>C</sup>  
F

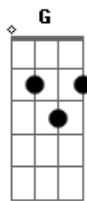

Do I even know you  
G

Or am I supposed to  
F

<sup>G</sup> At this point, I'd rather be alone <sup>C</sup> <sup>F</sup>

<sup>G</sup> You say you have too many troubles (troubles) <sup>C</sup> <sup>F</sup>

As If I don't have my own struggles (struggles) <sup>C</sup> <sup>F</sup>

I guess I'm kind of hopeless <sup>C</sup>

Wish that you would notice <sup>F</sup>

Leave me where you found me <sup>C</sup>

Let it go <sup>F</sup>

<sup>G</sup> I know better than to call you mine <sup>C</sup> <sup>F</sup>

I guess I'll just get out of line <sup>C</sup> <sup>F</sup>

Too many others wasting their time <sup>C</sup> <sup>F</sup>

When will I know?  
G

You're too wrong  
C

<sup>F</sup> Why can't you say <sup>G</sup> <sup>C</sup>

That I am crazy  
C

Just call me baby  
F

Why can't you say <sup>C</sup>

That I am crazy <sup>G</sup>

Just call me baby  
C

<sup>G</sup> I know better than to call you mine <sup>C</sup> <sup>F</sup>

I guess I'll just get out of line <sup>C</sup> <sup>F</sup>

Too many others wasting their time <sup>C</sup> <sup>F</sup>

When will I know?  
G

You're too wrong to be right  
C
