Bette Midler - Rain

Tom: G

Intro: G C G C

```
         G                        C           D             G
If the rain comes they run and hide their heads
         C            D          G
They might as well be dead
          C                       G
If the rain comes, if the rain comes
               G                       C       D       G
When the sun shines they slip into the shade
       C         D           G
And sip their lemonade
               C                                 G
When the sun shines, when the sun shines
G7
Rain, I don't mind
G7
Shine, the weather's fine
          G                    C          D          G
I can show you that when it starts to rain
C          D           G
Everything's the same
          C                        G
I can show you, I can show you
G7           G
Rain, I don't mind
G7                     G
Shine, the weather's fine
               G                    C         D            G
Can you hear me that when it rains and shines
     C        D         G
It's just a state of mind
               C                              G
Can you hear me, can you hear me
```
