

# Mighty Oaks - Seven Days

tom:  
Capostrate na 3ª casa  
Bb (forma dos acordes no tom de G )

Seven days I'm going to call the wild in me  
Carrying me, 'cross the world  
Seven days I'm yours, I live all I need  
To carry me to the north  
You know if I could find the way to spend my days with you  
Oh you know I would  
You know if I could find the way to work it out with you  
Oh you know I would  
Seven days that can be long, that you lit a fire in me

When you told me I could go  
Seven days, that can be hard when you lose all you need  
Hold your hand, and your heart  
You know if I could find the way to spend my days with you  
Oh you know I would  
You know if I could find the way to work it out with you  
Oh you know I would  
You know if I could find the way to spend my days with you  
Oh you know I would  
You know if I could find the way to work it out with you  
Oh you know I would  
You know if I could find the way to spend my days with you  
Oh you know I would
