

# Mikey Mills - American Viking

tom: **D** **D7**  
I got a dream that makes me feel alright

**D7**  
Dreaming of the fever far from me

**C** **D** **A**  
Texas honey is just like rock and roll

**D7**  
Take me to the pilot like the first time

**D7**  
When you had the balls to tell me the crime

**C** **D** **A**  
Robin Hood can kiss my ass too goodbye

**G**  
I don't know why

**A**  
I don't know where

Feel love again from now and then

**G**  
Time in your head

I'm fine again

**C** **D**  
Eleven eleven on the clock

**C G A G D**  
An American viking

**D7**  
In the promised land you will know my name

**D7**  
And the fever in my backyard hit my head

**C** **D** **A**  
Talking to the mother of the night

**D7**  
And in the changing winter weather in the south of the country

Where children spit in the president's name

Talking to the mother of the night

**C G A G D**

Tell me, witch of the world, what can you expect?

**D7**  
If you always come to me with more projects

**C** **D** **A**  
What can I expect from an underpaid lyricist?

**D7**  
Tell me, witch of the world, what is your way?

**D7**  
If you're gonna sing, if you're gonna stay

**C** **D** **A**  
I don't know what to say about your audacity

**G**  
I don't know why

**A**  
I don't know where

**C** **D**  
Love is with me again and now it stays

**G**  
Time in your head

**A**  
I'm fine again

**C** **D**  
Eleven and twelve on the clock

**C G A G D**  
An American viking
