C C  
Look at how far we've come D2  
Look at this mess we've made  
Am  
I'm still praying that the sun  
F  
tears my body from the shade  
C C  
Tell me that we're too far gone D2  
Tell me that we'll be okay  
Am  
Swear to God I'd leave right now  
F  
If Heaven wasn't so far away

C C  
But this is not an exercise D2  
And nobody gets out alive  
Am F  
Stop. What if I, what if I stop?

C C  
Mourning doves, meet me in the morning Am  
Love, what if I, what if I die before you wake?  
F  
Promise, I promise you can lean on me, lean on me  
C  
I can be your shoulder  
Dm  
There's still room for us to pull over  
Am  
But we can't stop, I swear to morning, Love  
F  
We can be together like mourning doves

C  
Yeah, realize that no escape  
E  
Releases you from your mistakes  
Am  
Oh, this is not a warning, but innocence is calling  
F  
And I sense that's it's a falling embrace
