

Miles Kane - Without You

```
tom:
Intro: A A A A
[Primeira Parte]
There's something special about you
Something I have never known
Miss you in the daytime
Dream about you all night long
You lift me up when I'm fading
         Bm
With sweet nothings whispered in my ear
Believe me when I tell you
My love for you is so sincere
[Refrão]
                                 A A Bb Bm
                    Е
How could I ever go on without you?
                    F
Everything would go wrong without you
[Segunda Parte]
You're the sweetest temptation
I've ever found myself in
My whole situation's better than it's ever been
```

```
No more messing with the darkness, giving myself away
                           Bm
I'm just living for the promise of a brighter day
Oh, yeah
[Terceira Parte]
If I don't ever do nothing
But to get to hold you in my arms
Ε
                                                       A Bb
I'd be like a present, wrapped up in my baby's charms
[Refrão]
How could I ever go on without you? (Oh, yeah)
