

Miley Cyrus - Bb Talk (without Talk Part)

Tom: A

A E D
You're giving me a feeling in my head
Laying in my bed just thinking

A E D
Not really feeling like the one I want
Takes everything in me not to call him

A E D
I really, really, really want it, too
I told all my friends I'm moving on

A E D
Your baby talk is creeping me out
Fuck me so you stop baby talking

A E D
You keep saying again and again
We're laying in my bed just talking

A E D
And now I, now I can't hold it back

I'm feeling like I'm gonna vomit

A E D
I don't really wanna let go of you
I heard I change my mind way too often

A E D
Your baby talk is creeping me out
Fuck me so you stop baby talking

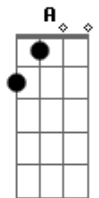

A E D
Fuck me so you'll stop baby talking
Fuck me so you'll stop baby talking

A E D
Fuck me so you'll stop baby talking
Love me so you stop baby talking

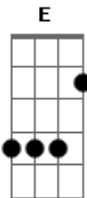

A E D
I don't really wanna let go of you
I heard I change my mind way too often

A E D
Your baby talk is creeping me out
Fuck me so you'll stop baby talking
