[Primeira Parte]

D
Em We met each other on the neon dinghy
Past the manta rays and palm trees

Glowing creatures beamed
D
Down from great heights

Electric eels in red venom
Em
In the sky, we could see

The riders on the horseback
D
On comets, coming toward us

Kicking up with laughter
Em
My friend Big Twitchy rode

The boat to the light
D
Surfed the north break

We danced until there was nothing left
Em
Just me and Twitchy

'Cause that's all we knew

[Ponte 1]

D
Ah, ah, ah, ah

Ah, ah, ah, ah
Em

Ah-ah, ah-ah

D
Ah, ah, ah, ah

Ah, ah, ah, ah
Em

Ah-ah, ah-ah

[Refrão]

D
You're questioning the science

'Cause you don't understand

How I'm doing what I'm doing

In a fucking handstand
Em

You found it so impressive

That I do it again

Acordes

My other one is busy

So I use my left hand
D

We took it kinda fast

But you're putting it slow

I see your mother's calling
And you're hitting ignore

Em
It's like you saw an unicorn

You don't understand

How I'm doing what I'm doing

In a fucking handstand

(Bm Em Bm Em)
(Bm Em Bm Em)

[Ponte 2]

G A
I wish I could crawl inside your heart

G A
Take you captive and then sail away

G A
I wish I could know that it's forever

G A
Take me captive and then sail away
