Intro: D Em D Em

[Primeira Parte]

D We met each other on the neon dinghy
 Em Past the manta rays and palm trees

Glowing creatures beamed
 D Down from great heights

Electric eels in red venom
 Em In the sky, we could see

The riders on the horseback
 D On comets, coming toward us

Kicking up with laughter
 Em My friend Big Twitchy rode

The boat to the light
 D Surfing the north break

We danced until there was nothing left
 Em Just me and Twitchy

'Cause that's all we knew

[Ponte 1]

D Ah, ah, ah, ah

Ah, ah, ah, ah
 Em Ah-ah, ah-ah

D Ah, ah, ah, ah

Ah, ah, ah, ah
 Em Ah-ah, ah-ah

[Refrão]

D You're questioning the science

'Cause you don't understand

How I'm doing what I'm doing

In a fucking handstand

Em You found it so impressive

That I do it again

Acordes

My other one is busy

So I use my left hand

D We took it kinda fast

But you're putting it slow

I see your mother's calling
 And you're hitting ignore

Em It's like you saw an unicorn

You don't understand

How I'm doing what I'm doing

In a fucking handstand
