

Miley Cyrus - I Get So Scared

Tom: **G**

D
They say love grows, but I've only seen it die **Em**
D I'm too young to feel like I'm runnin' out of time **Em**

D
I get so scared

Thinkin' I'll never get over you **Em**
D I'll always be making a compromise

No matter what I do, ooh **Em**
D And maybe I'll never get over you **Em**

D I've heard no one controls what happens in our lives **Em**
D The universe gets to decide, our future is written up here in the sky **Em**

D And I get so scared
Thinkin' I'll never get over you **Em**
D Everything I've imagined **Em**

And none of our plans coming true

D I met someone new and now I'm scared to go all the way **Em**
I hear you in my mind and can't let go of what you used to say **D**
I'm freakin', it's repeating when you said there'll never be a day **Em**
When letting go feels like before tonight we're tryin' anyway

D And I get so scared
Thinkin' they'll all be just like you **Em**
D All the ways that you hurt me **Em**
And all of the shit you put me through

D But, baby **Em**
I'm only just like you **Em**
D Or maybe, I'll never come close to you **Em**
D So maybe, I'll never get over you **Em**
D Baby **Em**
