

# Miley Cyrus - Lighter

Tom: **B**

When we're driving **Gb** **Am**  
 You say you can go faster, and **E**  
 When we're singing to the radio **Gb** **Am**  
 You say you can make it louder **E**

Chorus:  
**Gb** **Am**  
 And you roll another one **E**  
 You wanna get higher, and **Gb** **Am**  
 When I need the fire **E**  
 You're always my lighter

Verse I:  
**Gb** **Am**  
 When we're rolling **E**  
 You always put your feet on mine, and **Gb** **Am**  
 When I'm running late **E**  
 You always remind, all the time **Gb** **Am**  
 When I'm feeling low **E**  
 You lift me to the moon and back **Gb** **Am**  
 Back into your arms, I won't let go **E**  
 Until I know how much you really love me, baby **Gb** **E**  
 I see a light

Verse II:  
**Gb** **Am** **E**  
 And I've heard we never truly see ourselves **Gb** **Am**  
 You gotta leave it up to someone else **E**  
 To know how beautiful you really are, baby **Gb** **Am**  
 We never get to see ourselves **E**

Sleeping peacefully next to the ones that we love **Gb** **Am**  
 We never see us cry in someone eyes, see us cry **E**  
 Someone who was born, baby

Pre-Chorus:  
**Gb** **Am**  
 When we're driving **E**  
 You say you can go faster, and **Gb** **Am**  
 When we're singing to the radio **E**  
 You say you can make it louder

Chorus:  
**Gb** **Am**  
 And you roll another one **E**  
 You wanna get higher, and **Gb** **Am**  
 When I need the fire **E**  
 You're always my lighter

Bridge:  
**Gb** **E**  
 I see a ligh **Gb**  
 coming towards me **E** **Gb**  
 Moving slowly, but coming quickly **E**  
 At the same time, I think it represents  
 What's going on in my mind, when **Gb** **Am** **E**  
 We're together, everything is so sweet **Gb** **Am**  
 There's nowhere in the world I'd rather be **E**  
 as long as I've got you and you've got me **Gb** **Am** **E**  
 I could live here, I don't need nothing but you **Gb** **Am**  
 We're starting up beyond just us two  
 Forever it gets complicated **E**  
 You don't have to be that way, baby
