    Em            G
Everybody needs inspiration
    D            C
Everybody needs a song
    Em         G
A beautiful melody
    D            C
When the nights are long
    Bbm          C
'Cause there is no guarantee
        G           D
That this life is easy
    G             D
Yeah when my world is falling apart
    Em                  C
When there's no light to break up the dark
    G       D  Em          C
That's when I, I, I look at you
    G              D
When the waves are flooding the shore
        Em              C
And I can't find my way home any more
    G        D  Em
That's when I, I, I look at you
            C
When I look at you
    Em    G
I see forgiveness
    D    C
```
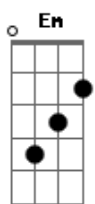

```
I see the truth
    Em        G
You love me for who I am
    D          C
Like the stars hold the moon
    Bbm          C
Right there where they belong
    G          D
And I know I'm not alone
        G            D
Yeah when my world is falling apart
            Em       C
When there's no light to break up the dark
        G       D   Em          C
That's when I, I, I look at you
        G              D
When the waves are flooding the shore
        Em              C
And I can't find my way home any more
        G       D   Em       C
That's when I, I, I look at you
    C   G     D           Em
You appear just like a dream to me

Just like kaleidoscope colors that cover me
        G
All I need
    D
Every breath that I breathe
            Em       C
Don't you know you're beautiful
        G              D
When the waves are flooding the shore
            Em          C
And I can't find my way home any more
        G       D  Em          C
That's when I, I, I look at you
G              D
I look at you
Em
Yeah
C
Whoa-oh
    C   G     D           Em
You appear just like a dream to me
```
