

# Millencolin - Shut You Out

Tom: **A**  
Intro:  
Intro: **A D E**

Verso: **A D E**

Even the smallest thing could be enough for you,  
Still it was too hard for me to give.  
Even the smallest thing could break your heart in two,  
No wonder why it's hard for you to live.

Refrão: **A E D A E G**

Just like I turn you down, I always shut you out.  
No matter who I blame you're not around,  
I can not turn back time, I can not change a thing.  
No matter what they say, I shut you out.

Verso: **A D E**

Even the smallest thing could make your day complete,  
I've never seen a bigger smile than yours.  
Even the smallest thing could wipe you off your feet,  
When no one's catching you, you hit the floor.

Refrão: **A E D A E G**

Just like I turn you down, I always shut you out.  
No matter who I blame you're not around,  
I can not turn back time, I can not change a thing.  
No matter what they say, I shut you out.
