

Milton Nascimento - Anima

tom:

A

Lapidar minha procura, toda trama lapidar

O que o coração com toda inspiração

Achou de nomear gritando alma

Recriar cada momento belo já vivido, ir mais

Atravessar fronteiras no amanhecer

E ao entardecer olhar com calma, então

Alma vai além de tudo que o nosso mundo ousa perceber

Casa cheia de coragem, vida

Tira a mancha que há no meu ser

E D E A

Te quero ver, te quero ser, Alma

Viajar nessa procura toda de me lapidar

Nesse momento agora de me recriar

De me gratificar, te busco alma, eu sei

Casa aberta, onde mora o mestre, o mago da luz

Onde se encontra o templo que inventa a cor

Animará o amor onde se esquece a paz

Alma vai além de tudo que o nosso mundo ousa perceber

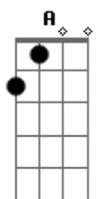

Casa cheia de coragem, vida

Todo o afeto que há no meu ser

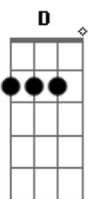

E D E A

Te quero ver, te quero ser, Alma, te quero ser, Alma
