Warning)

take this

All the wars fought before won't compare to this one

Giant spiders prepare to take over

Here comes another mutant suicide squad

You blast them out but now you're way off course

You start to shiver and shake

I'm calling you, Houston

Am I following all the right leads?

Or am I about to get lost in space?

When my time comes

They'll write my destiny

Will you take this ride?

All communications lost

We crashed into the earth

Too late to see the giant spider monster giving

The future is here, and here is the future

Am I following all the right leads?

Or am I about to get Lost in Space?

When my time comes

They'll write my destiny

Will you take this ride?

(Voice - Danger, Danger, Will Robinson....Warning,

Will you take this ride?

Will you take this ride?

Will you take this ride?

Am I following all the right leads?

Or am I about to get Lost in Space?

When my time comes

They'll write my destiny

Will you take this ride?

Will you take this ride with me? (Take this ride,

Whoa (Take this ride, take this ride)

Me (Take this ride, take this ride)

Whoa
