

Mitski - Goodbye, My Danish Sweetheart

tom:

Intro: Gb Bbm7 A

[Verse]

There's nobody better than you
It took me a while till I knew
But you knew from the start it was us, didn't you?
It just took me a while till I knew
Now I lay as I study a blank wall
Would you spare me your voice if I call?
'Cause you waited and watered my heart till it grew
You just grew a little smarter too

[Chorus]

So I don't blame you if you want to
Bury me in your memory, I'm not the girl I ought to be, but
Maybe when you tell your friends, you
Can tell them what you saw in me, and not how I turned out to be

(Bbm7)

[Verse]

There's some kind of burning inside me
It's kept me from falling apart
And I'm sure that you've seen what it's done to my heart

Acordes

But it's kept me from falling apart
Now here I lay, as I wonder about you
Would you just tell me what I'm meant to do?
'Cause I've waited and watered my heart till it grew
You can see how it's blossomed for you

[Chorus]

And I don't blame you if you want to
Bury me in your memory, I'm not the girl I ought to be, but
Maybe when you tell your friends, you
Can tell them what you saw in me, and not the way I am

[Chorus]

And I don't mean to make your heart blue
But could we be what we're meant to be?
I'm just about to beg you please
And then when you tell your friends
You can tell them what you saw in me
And not the way I used to be

(D)

[Final]

'Cause there's nobody better than you
