

# Mitski - Working For The Knife

tom:

Fm (forma dos acordes no tom de Dbm )

Capostrate na 4ª casa

I cry at the start of every movie  
 I guess 'cause I wish I was making things too  
 But I'm working for the knife

I used to think I would tell stories  
 But nobody cared for the stories I had about  
 No good guys

I always knew the world moves on  
 I just didn't know it would go without me  
 I start the day high and it ends so low

'Cause I'm working for the knife

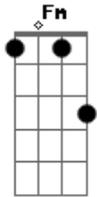

( Em A D G C F )

I used to think I'd be done by 20  
 Now at 29 the road ahead appears the same  
 Though maybe at 30 I'll see a way to change  
 That I'm living for the knife

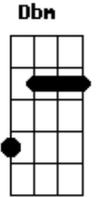

I always thought the choice was mine  
 And I was right but I just chose wrong  
 I start the day lying and end with the truth  
 That I'm dying for the knife

[Final Em C D G
