Tom: C

C G
Hello old ghost
Am F
whats the news whats the news
C G Dm F
How I've longed to see your face again
C G
Don't look at me like I'm a stranger
Am F
Don't be scared there is no danger
C G Am
We pretend that we dont care
F G C
So let's just take a walk and leave it there

Am G
Cause sometimes things don't turn out as you wish for
F G
And that's what late night city lights are there for
Am G
You asked me back then what I wanted to do
F
But I didnt really know
G
Did you?

C G F Am
My mama said "someday you are gonna shine
C G Dm G
You'll meet a guy who'll show you a love that's kind"
C G F G
I'll run away and follow a strange old sign

C G F
You know I am sorry I let you down

C G Am F
What did you expect from these red lips?
C G Dm F
Curses, laughter and a tender kiss
C G
Hours went by and you got it all
Dm F
Empty walls in a hollow city
F G C
What was I to do but flee?
F G C
When all my thoughts lay far beyond the sea

Am G
Cause sometimes love just don't turn out as you wish for
F G
And that's what late night city lights are there for
Am G
So let's get lost we're gonna go
F G
Let's do it my old friend

C G F
My mama said "someday you are gonna shine
