Versão simplificada: Gb = G / Bbm = Em / Ebm = Am / Db = D  
Intro: Gb Bbm Db

**Gb** **Bbm**  
 All our dreams sleep tonight  
**Ebm**  
 They'll be safe as we fight  
**Db**  
 In the journey of the best  
  
**Gb** **Bbm**  
 And I know I've cost you a lot of blues  
**Ebm**  
 Now the last one's playing for you  
**Db**  
 But I couldn't go without letting you know this  
  
**Gb**  
 I guess our love somehow  
**Bbm**  
 Was too crazy to work out  
**Ebm**  
 I'm crazy 'bout you  
**Db**  
 But I can't, it just can't do, no babe  
  
**Gb** **Bbm**  
 And we wait 'til the morning  
**Ebm**  
 Then our lives are moving on  
**Db**  
 With no words, you'll do fine  
  
**Gb**  
 But I never wanna know the name  
**Bbm**  
 Of your new girlfriend  
**Ebm**  
 Never wanna hear about her  
**Db**  
 Keep her stains away  
**Gb**  
 I never wanna know

**Bbm**  
 Never wanna know  
**Ebm**  
 Never wanna know  
**Db**  
 Never wanna know  
  
**Gb Bbm Ebm Db**  
 I dry my eyes on the highway  
 And think about why I couldn't stay  
 And why I should have, 'cause I love you  
  
 But the wind blows again  
 And life moves on, my friend  
 With some words we wrote down  
  
 But I never wanna know the name  
 Of your new girlfriend  
 Never wanna hear about her  
 Keep her stains away  
 I never wanna know  
 Never wanna know  
  
 Hey, all of a sudden I was brain-dead and rattled  
 With the thoughts of you and I, and I wanted to goodbye you  
 But the nights are so cold, how I need your human soul  
 I would never let you go  
 If I'd been a little older  
  
 No, no, no, I never wanna know, no, no  
 I never wanna hear about her  
 Keep her stains away  
 I never wanna know  
 Never wanna know  
 I never wanna know the name  
 Of your new girlfriend  
 Never wanna hear about her  
 Keep her stains away  
  
 I never wanna know  
 Never wanna know  
 Never wanna know  
 Never wanna know
