

Moana (Trilha Sonora) - Get Lost

tom:
Intro: I've been stuck a thousand years
Just fading, wading through the fears
This giant clam gets real old, my dear
So come real close
I'll let you know
How you can get out of here

[Refrão]
Get lost, cut loose, and lose your way
There ain't no fun in holdin' back, babe
You gotta enjoy the thrill of livin' dangerously
You've got a long, long way to go
Keep playin' safe, you'll never know
The rules are ours to break

Come on, babe
It's time to get lost

[Segunda Parte]
Take a look around
Not right and left, but up and down
'Cause on the edge, it's all about
Living bold and free
Expand your mind to see
And put your trust in me

[Terceira Parte]
Because you've got potential to travel the distance
I've been existential and lost to existence
And there is no map to your destination
No explanation to solve this equation

Acordes

[Refrão]

We gotta get lost, cut loose, and lose our way
There ain't no fun in holdin' back, babe
You gotta enjoy the thrill of livin' dangerously
You've got a long, long way to go
Keep playin' safe, you'll never know
The rules are ours to break

[Ponte]

Don't you know how good you have it?
You're all that's stopping you
For me, I'm stuck like static
Can you imagine
A life this tragic in the gloom?
You've got a chance, so take it
I know you're scared, but life's unfair
It's full of choices, big and small
But trust the fall and you can have it all

[Refrão]

Get lost, cut loose, and lose your way
There ain't no fun in holdin' back, babe
Enjoy the thrill of livin' dangerously
You've got a long, long way to go
Keep playin' safe, you'll never know
The rules are ours to break
Get lost
Oh, get lost, woah
Woah
Get lost
