

Mod Sun - Prayer

tom:
 Db (forma dos acordes no tom de C)
 Capotraste na 1ª casa
 Intro: C Am G

[Primeira Parte]

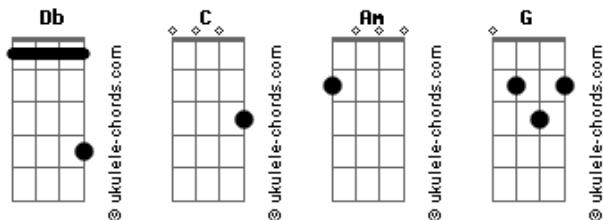

And you being too reckless
 With all of those words that you throw around
 You never learn your lesson
 You keep falling further down, and
 You're gonna block your blessings
 You're living way too messy
 You forgot to take the time to be grateful
 Trust and believe and be faithful
 [Refrão]

Pray on it, pray on it
 I found a better path I need to stay on it
 Pray on it, pray on it
 I was killing myself, let's be honest
 Tell me how to feel, yeah
 Remind me that it's real, yeah
 'Cause I can't really deal

[Segunda Parte]

I was living reckless
 Designer cloth's with a snotty nose
 Doing drugs for breakfast
 All of the whit? lines on the road

Acordes

I was drowning for so long
 I was alone feeling so numb
 I forgot to take the time to be grateful
 Have trust and believe and be faithful
 [Refrão]
 Pray on it (Pray on it), pray on it (Pray on it)
 I found a better path I need to stay on it (Stay on it)
 Pray on it (Pray on it), pray on it (Pray on it)
 I was killing myself, let's be honest
 Tell me how to feel, yeah
 Remind me that it's real, yeah
 'Cause I can't really deal
 [Ponte]
 It's no longer, "Who I am" but "Who will I become"
 I gotta grow up because I didn't die young
 I finally stopped choking every breath I take
 Let my best advice come from my worst mistake
 I've accepted that I'm not like the masses
 I'm meditating in a castle out in Calabasas
 Every action has a reaction
 What did you think would happen?
 Say a prayer for me
 And I'll say a prayer for you, ooh
 Say a prayer for me
 And I'll say a prayer for you, ooh
