

# The Monkees - Sometime In The Morning

tom:

Intro: E E E E

Sometime in the morning  
A simple thought may occur to you  
And you hold her  
And tell her all the things  
You never told her

Your love has shown me things  
I never thought I could see  
I didn't know (I didn't know)  
It could be done so easily  
Now I know (Now you know)  
You're where it is for me

Sometime in the evening  
You're sitting there by the fireside  
And she'll touch you  
And you'll realize

How much you never knew before

How much you couldn't see  
You didn't know (you didn't know)  
It could be done so easily  
Now you know (Now you know)  
She's all a girl could be  
Now in her childlike eyes  
You see the beauty there  
You know it was always there  
And you need no longer wear a disguise

Sometime in the morning  
You'll just reach out and  
She will be there  
Close as the summer air

Sometime in the morning

She will be there  
Sometime in the morning  
She will be there
