[Primeira Parte]

**Am**  
I stood at the altar

And worshiped a stranger

**F**  
Baptized in the water

**E**  
And absolved of my pain

**Am**  
I thought you were holy

I thought you could save me

**F**  
I gave you my future

**E**  
And you don't know my name

[Pré-Refrão] **A**

Guess this is the thanks that I get?

**E Am**  
You cast me out and you throw me away

**A**  
Everything must come to an end

You've already died twice

**E Am**  
You can still be replaced

[Refrão]

**Am**  
We need a new god

We need a savior

**F**  
Maybe a new start

**E**  
Isn't the worst idea

**Am**  
We need a new god  
A great entertainer

**F**  
We need an angel

**E**  
Or something that looks like it

[Pós-Refrão]

**G**  
New god

Someone who can save us

**Am**  
From the way we are  
**G**

We need a new start

We'll blame all of our problems

**Am E**  
On the old one

**Am**  
New God

[Segunda Parte]

**Am**  
Raise your boys to be sons

And your girls to be daughters

**F**  
To walk in a straight line

**E**  
And do as they're told

**Am**  
Tell them they're worth

Only as much as they're making

**F**  
That no one will love them

**E**  
If they don't fit the mold

[Refrão]
