

Moons - Nobody But Me

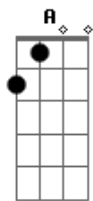

tom:
Capotraste na 2ª casa
Intro: F Am G Am G

I've been chasing my own tail for a long time
Hoping to find a clue
Anything that could clear my mind
Skip some steps and take me straight to you
Sometimes I'm complex, sometimes I'm deep
Just like any other human being
I'm a grown up man looking for shelter
I feel shame to ask for help when I need

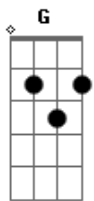

One day I met a rambling woman
She was free as the dove and the wind
A changing and inspiring love
Where I don't need to be nobody but me

I've been chasing my own tail for a long time
Hoping to find a clue
Anything that could clear my mind
Skip some steps and take me straight to you
One day I met a rambling woman
She was free as the dove and the wind
A changing and inspiring love
Where I don't need to be nobody but me
